Fall/Winter 2010-11 P.A. After School Class Descriptions

Arts & Crafts: (Gr. K-2)

Ms. Gandelman & Ms. Montaquiza

The students participate in many different types of age appropriate projects that will allow them to show their artistic and creative side.

Animation: (Gr. 3-6)

Ms. Devine

Create stop-motion animation using figurines, sculptures you create, cameras and computers. You will have a chance to tell your own cartoon story through animation.

Math & Strategy Games: (Gr. 3-6)

Ms. Schneider

Students will have a chance to play many different puzzles and games. This class will be fun and challenging at the same time.

Athletics and Team Sports: (Gr. K-2 & 3-6)

Mr. Marino & Mr. Bruno

Whether your child wants to try a sport for the first time or seriously improve his or her level of play, this class will meet their needs. Activities offered: Jumping rope, Hockey, Kickball, Baseball/Softball, Basketball, Football, Obstacle Challenge Courses, Soccer, Volleyball and much more. We will form a PS 144 Softball, Basketball and Volleyball team.

Legos/Building (Gr.K-2 & 3-6)

Mr. Lynn

This is a returning class from last spring. Students will have chance to make Lego cities with many different themes from Star Wars, Indiana Jones, Police, Fire and Rescue cities and much more. There is also an opportunity to build with wood blocks and mega blocks. This year we formed 2 classes, one for lower grades and one for the upper grades. We will also incorporate nok hockey tournaments in this class due to popular demand.

Chess Club (Gr. K-2)

Mr. Lazarus

Children will have a chance to learn how to play or master prior skills. All levels of play are welcome.

Science (Gr. K-2 & 3-6)

Ms. Marino

Activities will include archeology, exploration and experiments geared towards making science fun.
